Dear Parent/Guardians,

The Transitions Forum is an important week for Year 10 students. During the forum your daughters will consider how to make decisions, reflect on what is important in life, hear about different career options, learn about the job market, prepare for senior study and much, much more. It is a fascinating week that enables them to better reflect on the road ahead for Years 11 and 12.

On Wednesday students choose two institutions that they would like to visit, and they spend a day exploring them. They can choose between the Australian Catholic University, Australian National University, Canberra Institute of Technology (Reid and Fyshwick campus) ADFA, Magistrates Court and University of Canberra.

Parental permission can be granted by either return of this note or an email to: Kerry.mcdonnell@merici.act.edu.au

Please remind your daughter that appropriate behaviour is expected at all times as she is a representative of the College.

For further information, please do not hesitate to contact us on 6243 4100 before the excursion.

Yours sincerely,

Kerry McDonnell
Career & VET Coordinator
