Event	Mathematics Enrichment Activities- Australian Mathematics Trust		
Location	Merici College		
Date	Various	Time	N/A
Transport	N/A	Uniform	College Uniform
Cost	\$38.50	Contact no.	62434129
Return of note/money	To the Finance Box with the attached form		

Dear Parent/Guardians,

The Australian Mathematics Trust runs a number of programs and activities each year for Mathematics Enrichment. In 2021, Merici College has chosen to run the following package of enrichment activities. While we have made suggestions for who may be interested in the competitions below, they are open to all students.

Merici College facilitates each competition/program on a cost recovery basis. The payments for the package needs to be made to the Finance Office and notes returned by **19<sup>th</sup> February 2021**. Unfortunately, if students register for a competition but are away on the day no refund can be provided. Students may choose to only complete individual elements of the program; if this is the case students will need to pay the individual costs.

Competition/Event	Date Run	Individual Cost	Recommended for...
Maths Challenge	Term 1- Week 6-9 With meetings every Thursday Lunchtime	\$25.50	This program is designed for students in Years 7–10 and is conducted over three consecutive weeks. The lunchtime meetings are optional but allow student a space to come and discuss problems and ideas.
Computational and Algorithmic Thinking (CAT) Competition	24 <sup>th</sup> March 2021	\$6.50	Open to all students. The Computational and Algorithmic Thinking (CAT) competition is a one-hour problem-solving competition (for Years 7–12) and is designed to encourage student curiosity and promote multiple modes of thinking. We will be completing the online version of the competition.
Australian Mathematics Competition	4 <sup>th</sup> August, 2021	\$6.50	We encourage all students in Year 7 and 8 who have a strong interest in Mathematics. Students in Year 9/10 A classes, and Senior Mathematics students enrolled in Methods or above. We will be completing the online version of the competition.
	Total	\$38.50	

Optional Preparation for each of these events will be held on Friday lunchtimes leading up to the events in the Pentony Centre. Students are asked to watch the Daily Notices for advertising of these preparation opportunities. Further enrichment activities for Mathematics will be advertised throughout the year. If you have any further questions, please don't hesitate to contact your daughters Mathematics Teacher or Mrs Garvie in the Mathematics Staffroom.

Yours sincerely,

**MERICI COLLEGE**
