

YEAR 10 2023 SUBJECT SELECTIONS

Today's session:

- What subjects are available as electives
- What to consider when you make your subject choices
- How to complete your subject selections
- Your timeframe

BUILDING
FUTURES

In Year 10 you study:

- 7 compulsory subjects
- choose 2 electives that you study for 1 full year
- choose 1 HASS subject for a semester

**BUILDING
FUTURES**

Curriculum Structure

Science

- Core
- Fast Pace

Maths

- 10 Core
- 10A

**BUILDING
FUTURES**

10 Core or 10A- what should I do?

| You should study 10 CORE if... | You should study 10A if... |
|--|--|
| You feel the pace of Year 9 maths is ok or too fast | If you think your current 9 core is moving too slowly or you are in 9A and feel that staying there will provide you with the most benefit to your learning |
| You feel that math's is currently hard enough. | You would like more of a challenge? |
| You feel you are already putting in a lot of effort at the moment. | You are willing to put in extra effort into Math's |
| You feel you need to build your confidence in Mathematics. | If you are thinking you would like to study a higher level of Math's in Years 11 and 12 (Methods, Specialist Methods or Methods). |

MATH'S NINJA'S

PREPARING FOR
SENIOR MATHS AND
BEYOND

Who is it for? Everyone!

Anyone would like to improve their Mathematics knowledge and skills going into year 11 and 12. We will focus particularly on content preparing for the IB and BSSS (Mathematical Methods and above).

What does the elective involve?

It is a Mathematical preparation course AND enrichment program.

Students will work to prepare and deliver an enrichment project. This could be a set of posters, running a primary school Mathematics Competition or anything you can think of.

At the same time working to develop skills across all Mathematical areas.

What will I study
in the general
and HASS
electives?
