

REACH COMMUNITY MEET AND GREET

Meet Our Global Partners from Cambodia

Merici College warmly invites parents, students and members of our wider community to a special Meet and Greet Afternoon with REACH, Siem Reap.

We are delighted to host Emily Williams and Sokly Tep, who will share insights into REACH's work and our growing partnership.

ABOUT REACH

REACH is a community-based NGO in Siem Reap, Cambodia, addressing the root causes of poverty through a holistic development model. Their work integrates:

- supplementary education and life-skills programs
- nutrition and healthcare initiatives
- family outreach and community support

Together, these programs enable children and families to thrive and build sustainable futures.

OUR PARTNERSHIP

Over the past two years, Merici College has developed a strong and meaningful partnership with REACH.

In December, a group of staff travelled to Cambodia to experience firsthand the transformative work being undertaken by Emily and her team.

This partnership continues to grow, with Merici students travelling to Cambodia in July for an immersion experience that builds on these foundations and deepens intercultural understanding.

Merici College is proud of this partnership, which reflects our commitment to service, solidarity and the Ursuline tradition.
